COUNTY SEAT PLACE FOR CORONER'S OFFICE

**A Trial in the Country Doesn't
Please, and Politicians
Realize It.**

Special Dispatch to The North American.
WEST CHESTER, Pa., Sept. 4.

There is no doubt about the demand that
the next coroner of Chester county shall
be a resident of this borough. The pres-
ent official has his home and office in one
of the Pkeldands, and the experiences of
those who have had occasion to confer
with him during his term, which is now
drawing to a close, are such as to argue
that his successor should be a county
seat man.

As a result of this call for a coroner
in West Chester, several town workers
in the cause of politics think they may
make the raffle. The chances are that
a number of candidates bearing the West
Chester stamp will go after the coroner-
ship at an early date.

...against the laboring man.
But belief is general that the Republican
organization of Schuylkill county will not
venture to back Garner for another term,
for, should he be renominated, the elec-
tion of a Democrat would be almost a
foregone conclusion.

UP-STATE PARTY MEN NOT CANNON TRAILERS

**Speaker's Profanity Doesn't Im-
press the Fifteenth District as
High Statesmanship.**

Special Dispatch to The North American.
WILLIAMSPORT, Pa., Sept. 4.

That the Republicans of the Fifteenth
congressional district, consisting of the
counties of Lycoming, Clinton, Potter and
Tioga, are alive to the necessity of nom-
inating a proper candidate for Congress
is shown by the tone of the local press,
which is demanding a nominee who can
poll the normal Republican vote of this
district, which, under ordinary condi-
tions, is strongly Republican.

There is also additional demand from
the rank and file of the party for a Con-
gressman who will pledge himself to put
an end to Cannonism. In other words,
one who will have the courage to pledge
himself before his nomination and elec-
tion that he will go to Congress and
vote to end the tyranny and despotism

The headquarters of the new Altoona
district will be opened about October 1.
A district superintendent for that work
has been engaged, but his name has not
been announced as yet, because of his
personal wish. He has some private mat-
ters to clean up before assuming his new
duties. He is a minister, however.

The Dubois district has been abandoned.
It has been in charge of the Rev. F. A.
Gaupp, who has resigned from the work.
Most of the territory which has been in
his district will be added to the new Al-
toona district.

The redistricting gives state headquar-
ters six branch offices — Philadelphia,
Pittsburg, Erie, Wilkes-Barre, Altoona
and Williamsport.

J. Frank Hanly, former Governor of
Indiana and one of the strongest men in
the local option work, will begin filling
a series of about forty speaking engage-
ments in this state the latter part of this
month. This will be by far the most ex-
tensive trip ever made into this state by
Governor Hanly. He will be here about
a month, filling double engagements
some days.

The new assistants at state headquar-
ters will arrive here about October 1 to
assume their duties. The chief assistant
superintendent will be the Rev. Dr.
Charles W. Carroll, superintendent of the
Pittsburg district. His principal duties
will be to departmentize the league work
in a more thorough manner.

The Rev. H. M. Chalfant, of Swissvale,
will arrive at the same time. Most of his
time will be spent in the state headquar-
ters offices, and his principal work
will be editing the Keystone Citizen, the of-
ficial organ of the league. This paper
will be changed from a semi-monthly,
which it has been for the past five years,
to a weekly.
